Coach Gary Gardner, founder of Gary Gardner Hoopzs, designed his camps to give basketball players in the Northwest an opportunity to maximize their potential and elevate their game to the next level. His desire is to create 'complete' players by focusing on the specifics of scoring, defense & ball handling.

At the age of 17, Gary was named:

- 1st Team All-Conference,
- 1st Team All-State, MVP of the State,
- Washington Prep Player of the Year & Honorable Mention All-American

These accomplishment culminated in the opportunity to lead

his team to the Washington State Championship. He was granted an NCAA Division 1 scholarship with the UW, where he was a starter and contributor for the 1983-84 & 1984-85 Pac-Ten champions.
